

SRI C ACHUTHA MENON GOVT COLLEGE THRISSUR

Action Taken Report

The feedback on curriculum of the students, faculty members and alumni members of the college for the academic year 2022-2023 are analysed and on the basis of their suggestion the following recommendations are given.

- The curriculum should be incorporated more practical courses on the specific domains.
- The curriculum should be refined to make it as proficient in understanding the learning outcomes.
- The scope of the curriculum should be enhanced to cope up with entrepreneurship skills or lifelong learning or human values.
- More opportunities will be given to students to demonstrate their innovative skills, leadership skills, communication skills during period of course.
- More Value Added Courses or Certificate courses etc. should be introduced.
- The Curriculum should be provided more opportunities to excel in co-curricular and extracurricular activities.
- The curriculum should be provided more liberty to contribute the ideas of faculty members in course revision, curriculum design, development and innovative pedagogical initiatives.
- The curriculum should include Internships or certifications facilitated more employability skills and communication skills among the students.
- The curriculum should be incorporated more programmes to develop creativity, leadership, innovation, self-motivation, workplace ethics, and social responsibility among faculty members.
- The curriculum should be facilitated to enhance practical competencies among the students as needed by the industry.
