INTERCOLLEGIATE FEST

ON
FEBRUARY 6 AND 7

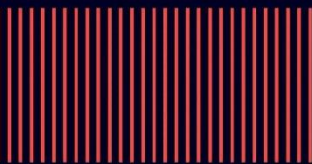

Zeronics 2K23 is an entire gamut of activities where we provide a platform for every student irrespective of their area of expertise to showcase their talents in academics as well as cultural events. Economics is not just about money or market it's all about how we take decisions in our daily life whether it may be career or family. Thus in a broader view we all are actors in the economy and we all have an economist inside us. We through our humble endeavour intend to bring out your hidden talents.
