“ BHODHITHA ” – WOMEN’S CELL

The Women’s cell of the College aims to encourage female students to be self-reliant and economically independent and instil positive self-esteem and confidence so that they can take the right decision in their lives. It also helps in empowering and orienting women to recognize their true potential and to help them to attain their own stand in a competing world. The Cell has both the faculty and students of the College as its members and works with an aim to create a gender-sensitized community within the campus as well as in society. Cell concentrates on providing legal, social, psychological, and constitutional awareness to the students and staff by providing different classes. It also concentrates on organizing various events and activities for women’s empowerment.

The Women Cell of the college is named ‘BHODHITHA’ (One who is enlightened) through a ‘NAME N WIN’ Contest conducted among the students and faculties of the college during the academic year 2022-23. From among the various names suggested, the selection committee unanimously selected the name ‘BHODHITHA’ suggested by Smt.Saritha Sivadas, Assistant Professor of History.

The activities of the women cell of the college were inaugurated on 28th of October 2022 by Smt N A VINAYA Sub Inspector of Police, Irinjalakuda. Smt Vinaya is very famous for her activities for gender neutrality. She spoke about the importance of physical activities in imbining confidence and strength in youth, especially in girls. Principal Sri Suresh AK presided over the inaugural ceremony and Coordinator Dr Renjitha Rajeev delivered the Vote of Thanks.

The cell in collaboration with District Women and Child Development Department Thrissur organised a gender sensitisation campaign for the students named 'KANAL' on 28th October 2023 at 2.00 PM in the College. the programme was led by Smt. M G Jayasree (WCDD Posh Act District Committee Member) in which students actively participated in the discussion. Smt Anamol Jacob welcomed the gathering in which the principal presided over the programme.

With an intention to create self-confidence among girls, the Women's Cell in association with the Physical Education Department of the college started 'SHAKTHI' - A self-defence programme for the girl students. The main highlight of the initiative was that the sports students who have attained qualified training in Karate, Taekwondo etc voluntarily joined together to impart necessary self-defence training for our students. The sessions started with warm-up sessions. Both theory sessions and practical training were integrated together to provide a better insight into the girls. The programme is initiated as a continuous learning process which will continue in the future.

ALUMNI ASSOCIATION

During the year, the association conducted a wide variety of programmes for the development of the college. The alumni meetings of different batches were conducted in the college. The association were collected old books and handed over it to the college library. The PDC 93-95 batch donated Desks and Benches amounted Rs. 15000/- to college during this academic year. Some of the unique programmes taken up by the association during the year are listed below;

Cycle Challenge

As part of the Golden Jubilee Celebrations of our college, the Alumni Association organized a program called Cycle challenge. Our students usually make use of private buses as means of transportation. As there were not enough number of buses plying in the route, many students find it difficult to reach college on time. They had to wait for long hours to get back home as well. It is at this juncture that the alumni Association came up with this novel idea of providing cycles to the needy students. Hon Minister for Higher Education, Dr. R. Bindu inaugurated the formal function of Cycle Challenge on 26 March 2022.

Cycles which have a number as well as the name of our college printed on them were distributed to the students. They were requested to return the cycle once their course is over. In addition to solving the transportation problem of students, the scheme aims to instil environmental awareness by using non-polluting vehicles for transport. It also enhances the physical and emotional well-being of students. It is with pride that we acknowledge the fact that our college is the first of its kind to execute such a unique program as Cycle Challenge. The second phase of the programme were inaugurated by the Principal Sri A.K. Suresh on 23/11/2023 by distributing 15 cycles to the students. Altogether 65 cycles were distributed to students through this programme.

Mobile Phone Library

As a result of the widespread Covid pandemic, regular offline classes were suspended and all educational institutions in Kerala switched over to online education. Most of our students hail from extremely poor financial backgrounds and hence could not afford to buy a computer or mobile phone for attending online classes. This was when the Alumni Association rose to the occasion and suggested this unique plan to provide mobile phones for deserving students so that they can resume their classes online. The staff of our college, Alumni and retired staff contributed generously and we were able to buy around 50 mobile phones. Hon Minister for Higher Education, Dr. R. Bindu, formally inaugurated the program online on 24 July 2021. During this academic year many of the students were utilised the scheme and the college could manage the problems of non-availability of gadgets for academic needs of the students.

BIRD'S CLUB

Introduction and Intentions

A bird club is an organization or group of individuals who share an interest in birds and their conservation. Bird clubs typically bring together bird enthusiasts and provide opportunities for them to learn more about birds, their habitats, behavior, and conservation issues.

Bird clubs may organize regular meetings, field trips, bird walks, and birding events to observe birds in their natural habitats. They may also host lectures, workshops, and other educational programs to help members deepen their knowledge of birds and their ecology.

In addition to bird watching and conservation, bird clubs may also engage in citizen science activities, such as bird counts, bird banding, and monitoring bird populations. They may also work with local conservation organizations, government agencies, and other groups to promote bird conservation efforts, protect bird habitats, and raise awareness about the threats facing birds and their ecosystems.

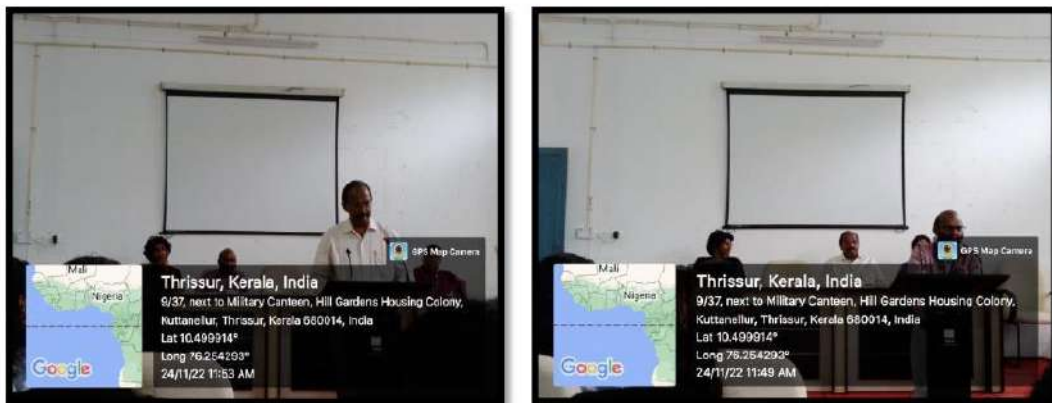

Joining a bird club can be a great way to connect with like-minded individuals, learn more about birds, and contribute to bird conservation efforts. There are bird clubs in many cities and towns around the world, and many of them welcome new members.

In our college we are having 45 students of various disciplines as active members of Birds club.

Activities

The activities of Birds club for the Academic year 2022 - 23 was inaugurated on 24/11/2023 by Dr. C. George Thomas, Chairman, Kerala State Bio -diversity Board “Biodiversity in Kerala”. He lead the classes on Environment protection, Bio diversity and Ornithology.

On 12/12/2022 a meeting of the members of Birds club was organised in the campus and discussions were held on providing food and water to the birds in the coming summer season. Accordingly we have provided water sources in the form of filled up earthen wares at various points in our vast campus.

The club members also came up with suggestions to provide food and water to birds in their houses also and happily implemented the same, there by plays a major role in environment protection and Bio – diversity.

A review meeting was held on 16/01/2023 and the students reported the progress in the activities. It was decided to form a core club of students to monitor the maintenance of the food and water sources on a weekly basis.

On 09/02/2023 we conducted a meeting of the members of Birds club. We had decided to increase the scope of activities of Birds club from next academic year onwards. It is decided to organise camps for bird watching in close co ordination with department of Forests at various places like Peechi, Thattekkad, Marottichal, Kumarakom etc.

Also decided to conduct census of birds available in our campus with cooperation of Zoology departments of our nearby colleges.

A birds photography competition will be held in coordination with the college union so as to create the awareness and spread the message of need of protection of Environment among our students.

DISASTER MANAGEMENT CLUB

The club started functioning from 16/12/2022.

The objectives of the club are:

- Provides the students a self confidence to face disasters.
- Improving tolerance among the students.
- Providing relief to the affected people.
- Arrangement of rescue for the affected.

The club was inaugurated on 16/12/2022 by the Honourable Minister Adv K RAJAN. The club arranged apdamitra training programme in association with Kerala Fire and Rescue Services Department from 4th march 2023 to 18th march 2023. The programme was conducted at fire station Thrissur and 47 students were successfully completed the training.

NSS UNIT NO. 98 & 129

The National Service Scheme (NSS) has been at the forefront of meaningful initiatives aimed at promoting environmental consciousness, sustainability, community engagement, and social responsibility. This report encapsulates the diverse range of activities undertaken by NSS volunteers at our college.

1. World Environment Day Celebration:

NSS volunteers actively participated in the celebration of World Environment Day on June 5, 2022. The objective was to raise awareness about environmental issues, advocate for sustainable practices, and inspire collective action. Various activities were organized to engage the college community in environmental conservation efforts.

2. Organic Vegetable Garden:

In a commendable initiative, NSS volunteers led the establishment of an organic vegetable garden on the college campus. This project aims to promote sustainable agricultural practices, provide a fresh and healthy food source, and educate students and staff about the benefits of organic farming.

3. College Suvarna Jubilee Celebrations:

NSS volunteers actively participated in a series of activities as part of the College Suvarna Jubilee celebrations. These events showcased the dedication of NSS volunteers in contributing to the college's success and fostering a sense of community among students and staff.

4. Campus Cleaning Activities:

NSS took a proactive approach to promote cleanliness, hygiene, and a healthier environment on campus. This report outlines the various cleaning initiatives, methodologies employed, and the positive impact of these activities on the overall cleanliness and aesthetics of the college campus.

5. Drug Awareness Program:

Recognizing the critical issue of drug abuse on campus, NSS volunteers organized a comprehensive drug awareness program. The initiative aimed to educate students, foster a sense of responsibility, and promote a drug-free campus environment. Various educational components, interactive sessions, and community engagement activities were integrated into the program.

6. National Integration Camp Selection:

A noteworthy achievement was the selection of NSS Volunteer Emili Joshy for the National Integration Camp 2023. This recognition reflects the dedication and commitment of NSS volunteers at our college to national integration and social service.

Fruit Garden

The collaboration between NSS volunteers and KAU in establishing a fruit garden is a testament to the power of community-driven sustainable initiatives.

Conclusion:

The NSS initiatives, ranging from environmental celebrations and sustainability projects to community engagement and addressing critical social issues, demonstrate the organization's commitment to holistic development and social responsibility. These initiatives not only contribute to a cleaner, healthier, and more sustainable campus but also empower students to become responsible and socially conscious citizens. The success of these programs reflects the tireless efforts and impact of NSS volunteers in creating a positive and inclusive college environment.

ANTI- RAGGING COMMITTEE

DEPARTMENT OF STATISTICS

Statistics is a branch of mathematics that deals with the collection, analysis, interpretation, presentation, and organization of data. It involves the use of quantitative methods to gather, summarize, and make inferences about a population or a sample of data. Statistics can be used in various fields such as economics, psychology, sociology, medicine, engineering, and many others. The primary goal of statistics is to make sense of the data, identify patterns, relationships, and trends, and use this information to inform decision-making and solve real-world problems. Statistics is a crucial tool for making informed decisions, predicting future events, ensuring quality control, and conducting research. It plays an important role in many fields and is essential for solving real-world problems.

The regular classes and activities of the department of Statistics for the Academic year 2022 -23 commenced on 01/06/2022. The activities of department of Statistics is spread over various departments such as Economics, Commerce, Psychology, Computer Science and Mathematics with Data Science. We are imparting quality education to more than 300 students of Under Graduate and Post Graduate programmes in these disciplinaries.
