*Motto: 'Jnanam Param Jyothi'*  
*(Knowledge is the supreme light)*

## **THE COAT OF ARMS**

The Coat of Arms upholds the college motto which means knowledge is the supreme light. Both the dictum and the book stand for the power and dissemination of knowledge. The flaming lamp symbolically alludes to the centre of learning which dispels the darkness of ignorance and enlightens those who enter its portals.

## **MISSION**

To impart and disseminate knowledge in an enabling academic environment to all sections of society with special reference to the educational, social, cultural, and economic needs of the weaker sections.

## **VISION**

To mainstream the institution as a college that provides quality higher education and produces intellectually competent, emotionally balanced, morally strong and socially committed citizens.

## PROFILE OF THE COLLEGE

Sri C. Achutha Menon Government College, having started its academic sojourn in 1972, has accomplished five fruitful decades of excellence in all spheres of education. As one of the pioneering institutions under the Department of Collegiate Education Kerala, the college aims at nurturing a holistic profile for the students along with maintaining proactive outreach to the society. It strives to impart higher education of the best quality to the students and to steer them in the right direction to nourish their aesthetic and intellectual faculties. As an educational institution it prioritizes its role of contributing to the society ethically and socially committed individuals. The college started functioning on 14 August 1972 in the premises of the Institute of Advanced Study in Education, Thrissur and it was shifted to the present verdant campus at Kuttanellur, located 6 kms away from Thrissur, in 1991. It is strictly governed by the rules and regulations of the Government of Kerala. Affiliated to the University of Calicut, the college offers nine Undergraduate programmes, five Postgraduate programmes and four Doctoral programmes in Arts, Commerce and Science streams. Ample facilities are provided for students to develop their overall personality and to become worthy citizens of the nation. An excellent library, well-equipped computer labs, a well-maintained fitness centre, girls' hostel, playgrounds and courts are some of the infrastructural amenities in the campus. The students are encouraged to participate in national integration and social awareness programmes through NCC, NSS and various other platforms, which also offer multifaceted extra-curricular ventures to them. Various inter-collegiate programmes are regularly conducted to boost the organizational skills of the students and to make them familiarize with the emerging opportunities and challenges. The digital education policy of the college that mobilizes diverse online platforms, prompts the students to go in line with the changing trends and possibilities in the academic domain. Besides the regular undergraduate and postgraduate programmes, the college conducts various certificate courses, add on courses, vocational training programmes, and coaching classes for competitive examinations, for the benefit of the students and the local community. The increasing number of student enrolments and the introduction of various new academic programmes validate the multi-dimensional growth that the college has achieved over the last decades.
